February 2010 Issue

President's Letter

I'm very excited to announce that RentGrow is now a part of Yardi Systems. RentGrow and Yardi have been committed to the multifamily industry for decades, and this union brings tremendous benefits to our company, our customers, and the industry. Yardi is a great company to be a part of and we look forward to serving the industry together in the years to come.

Sincerely,
[Mike Lapsley](#), CEO
RentGrow, Inc.

RentGrow "In the Know"

A Big Announcement: RentGrow has joined Yardi Systems!

We're very excited to announce that RentGrow is now a subsidiary of Yardi Systems.

This is great news for our company, our customers, and the multifamily industry. RentGrow has been highly successful and achieved solid growth, year after year, thanks to our dedicated employees and customers. This alliance fuses RentGrow's already strong organization with Yardi, the leading technology provider in the multifamily industry.

What does this mean for our customers?

Things will remain consistent for our customers; our product and our team have not changed. We will operate as a subsidiary and offer the same partnership and expertise you have come to expect from RentGrow.

We are building an enhanced integration with Yardi's property management software, so customers that use both RentGrow and Yardi can look forward to a powerful integration in the future.

We plan to continue to offer interfaces with other systems, such as AMSI, MRI, Property Solutions, SureDeposit, and Vaultware. Yardi will continue to offer interfaces with other screening systems. We believe our clients should have the option to choose the technologies of their choice and tie them together, and we are committed to facilitating a variety of interfaces.

We expect that our product innovation and service will be better than ever in the months and years to come. Thank you for your continued loyalty and support - the future is bright and we wouldn't be here without you.
