Would you like to have more confidence when verifying your applicants' address history?

Have you had applicants that failed to disclose their true address history on their application?

RentGrow's exclusive Address Search is the most thorough and up-to-date tool available for verifying address information! Address Search is now available as part of our comprehensive **TotalScreen™** resident screening product.

The industry has typically relied on credit reports to verify address history, but the Address Search offered by RentGrow takes it a step further!

RentGrow's Address Search provides ALL known past addresses, and is powered by a database that pulls address information from many sources, including postal address records, financial institutions, utility service providers, and more. The result is a more comprehensive and up-to-date picture of where the applicant is moving from and where they have lived.

The TotalScreen™ Advantage:

- > Confirm that the applicant has been truthful on his/her application
- > Receive a more thorough and accurate picture of your applicant
- > Provides a helpful cross-check with eviction and criminal records

Additional **TotalScreen™** services include: Credit Screening, Criminal Screening, Eviction/Landlord & Tenant Records Screening, Executive Reporting, Business Profile Reports, and much more.
